Dennis Ownby Opens New Real Estate Firm

Denis Ownby of Amelia has announced the opening of his new real estate firm, Ownby & Associates. "Amelia has been my home for eight years," Ownby said, "and I feel there is a real need for a permanent, local office staffed by full-time, experienced employees."

The firm's office is the Plain View Farm in Amelia, which Ownby recently bought and restored. It is located at the intersection of Rt. 360 and Rt. 153, five miles east of Amelia Courthouse and one mile west of the Chesterfield County Line.

Working with Ownby will be brokers Michael T. Barr and Glen Andrews. Full-time sales staff includes Pat Flippen, Jack Larkins, and Grace Lively. Ada Coleman will be secretary.

Ownby & Associates will offer complete real estate services, including selling, financing, engineering, surveying, subdivision planning, and commercial or industrial development.

Homecoming Planned At S. Spring Church

On September 23, 1979 Spout Spring Baptist Church will celebrate its Homecoming.

Special Section for Young Created Young-Virginians

In recognition of the International Year of the Child the **Times-Virginian** is starting a "Young-Virginian" Section in the newspaper. This special section will be for the publication of works by youth in the Appomattox area - such as poems, opinions, short stories, etc. (limited to 250 words), art work and photographs (limited to 5 x 7 inches in size.)

Any young person wishing to have their work published should submit it in typed or printed form to Beck Hudson at the **Times-Virginian** office on Court St. All works should include the person's name, address and age. Publications are subject to approval by the paper's editorial staff.

Our Love

By Teresa Kerr, Age 17
Our love was so special
It was like no other
We laughed and enjoyed the few moments together.

Our love was to be a lifetime thing.
To last forever and ever.
We were never to part
No, not for no other.

Our love was made up of so many things,
Of loving and caring
In ways that no other person
Will ever know.

Our love has brought us to the end
For me a depression
For you - I don't know
But I will say now
And for the rest of my life
Our love was my life
And now it is over.

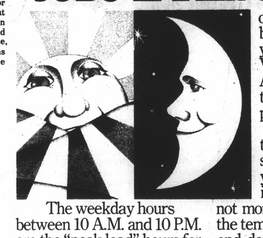
DO YOUR BIG ELECTRIC JOBS EARLY, OR LATE.



The weekday hours between 10 A.M. and 10 P.M. are the "peak load" hours for Vepco, when the most electricity is being used by our customers and the chance of shortages is greatest.

So try to restrict your use of major appliances and hot water during these hours. Do your baking and laundry before 10 A.M. Turn on the dishwasher just before you go to bed. Shower before 10 A.M.

or after 10 P.M. You won't be using less energy, but you'll be using it when Vepco has power to spare. And that will reduce the need to build costly power plants.

You can also take these two big energy-saving steps. First, set your home air conditioning at 78° or higher, or not more than 15° cooler than the temperature outside. Second, don't overwork your water heater. Use the dishwasher and washing machine only for full loads, and wash clothes in cool water instead of hot.

By following these tips, you'll be keeping your power bills down, and helping us all make it through the summer without power shortages.

Mrs. Charles P. Minor

Cystic Fibrosis Honorary Chairperson

Virginia's Mother of the Year, Mrs. Charles P. Minor of Hopewell is serving the Cystic Fibrosis Foundation as Honorary Chairperson.

She has announced the forthcoming **Mother's Watch** to be held throughout the Commonwealth September 23-30. With the release she also announced Mrs. William Walker as her key volunteer in Pamplin City.

Mothers and parents will be alerted this special week to **Watch Out** for the danger signals of Cystic Fibrosis (recurrent wheezing, frequent coughs, frequent pneumonia, excessive appetite but poor gain of weight). Citizens will also be given opportunities to contribute to the Foundation's fight against medical research programs.

Cystic Fibrosis, the most common genetic killer of children in the United States is a chronicdegenerative disease involving the lungs and the digestive organs, as well as other major organs of the body. At the present time, there is no cure or long-term control of CF.

The mission of the Cystic Fibrosis Foundation is to find the means for prevention, control and effective treatment of Cystic Fibrosis. The goal of the Foundation is to improve the length of survival and quality of life for individuals affected by CF, and to reduce the impact of the disease on the patient, family and society. The Foundation is seeking to achieve this goal through a wide variety of activities conducted through five major program areas: Public Policy, Field Services, Resource Development, Public Relations/Communications and Medical/Scientific.

It is believed there are over 500 known patients with CF in Virginia. In Virginia alone, there are over 150,000 carriers of the disease. The foundations medical research programs have raised the median life expectancy from infancy to the late teens. With public help, the foundation has high hopes for an effectual control of CF.

The theme of the current campaign, "Mother's Watch", was developed recognizing that every mother or parent already knows what the word "watch" means. By instinct, mother watches baby. She watches him grow. Watches him go to school. Watches during long hours of illness. Watches for him to come home.

One thing parents must be taught to watch for - is Cystic Fibrosis. The disease is not like horrible cripplers that can be seen. It is worse. It cannot be easily seen. Like cancer, it works in the dark.

When parents watch out for CF - and it is detected, the child can be helped sooner and this may add years to his life.

TOPS News

The September 6 meeting of **TOPS** was called to order by Margaret Lockner, leader. The pledge was recited by the members.

The weigh-in loss for the week was 42 ¼ pounds. The gains totaled 15 pounds. This weight gain seems excessive but when you analyze it, it is not. Old members rejoining brought the gains up for the week and not the current (Keep Off Pounds Sensibly).

The next meeting will be held on September 13, 1979. Fidelity Branch Bank. Weigh-in 6:30. Meeting 7:00. See you there.

1937 - 1979

Stone Marker Honors Charles S. Hooper, Jr.

"Hooper Park", honoring Charles S. Hooper, Jr., the retiring general manager of the Southside Electric Cooperative, was formally dedicated last Saturday during the 42nd annual meeting of the SEC Membership. The above bronze plaque appears on a stone marker, flanked by two 35-foot flag poles for the American Flag and the Flag of the Commonwealth of Virginia. The 33-acre tract has been property of the Cooperative for about 15 years and is the area on which the SCC meeting pavilion stands, with other areas being used for parking. Annual meetings are always held in the SEC pavilion. The pavilion is often used by community organizations for meetings and public programs.
